

# MANDURAH COMMUNITY GARDENS WORKSHOPS

*Proudly supported by the City Of Mandurah*

## Attracting Pollinators, Bees & Beneficial Insects Into The Garden

**SATURDAY 24th JULY 2021 10:00 am - 12 noon**

Presenter: John Draper from local business Harvest Me

A PRESENTATION DISCUSSING THE  
IMPORTANCE OF CREATING BIODIVERSITY  
IN THE GARDEN

### Topics discussed:

- What are Pollinators? Why are they important?
- Common Beneficial Insects & how they help in an Organic garden.
- Native bees versus European Honey bees.
- Flowers to attract bees & insects.
- What not to do if you are trying to attract pollinators to your garden?
- Other things to do to attract pollinators, bees & beneficial insects to the garden.

*A handout including a list of flowers to attract insects will be provided.*

PLACES ARE LIMITED. WORKSHOP IS FREE  
**BOOKINGS ESSENTIAL**
